

## 22 DOMAINS / 4 FAMILIES

## Structured visuals · 6

|     |                         |   |
|-----|-------------------------|---|
| SV1 | Brief → single slide    | R |
| SV2 | Screenshot → webpage    | N |
| SV3 | Data → visualization    | R |
| SV4 | Specification → webpage | R |
| SV5 | Sources → slide deck    | N |
| SV6 | Topic → slide deck      | N |

## Images / 3D · 6

|     |                           |   |
|-----|---------------------------|---|
| IG1 | Detailed captioning       | R |
| IG2 | Text → image              | R |
| IG3 | Instruction-based editing | N |
| IG4 | Super-resolution          | N |
| IG5 | Text → 3D                 | R |
| IG6 | Image → 3D                | N |

## Text generation · 5

|     |                         |   |
|-----|-------------------------|---|
| TG1 | Document summarization  | R |
| TG2 | RAG long-form answers   | N |
| TG3 | Translation             | R |
| TG4 | Instruction constraints | N |
| TG5 | Open dialogue           | R |

## Automated research · 5

|     |                      |   |
|-----|----------------------|---|
| AR1 | Research ideas       | R |
| AR2 | Ablation plans       | N |
| AR3 | Table → insight      | R |
| AR4 | Related work         | N |
| AR5 | Peer-review critique | N |
